Location Use Data Summaries

Black Lake and Indian River Lakes

AIS intercepted: 284
Boats inspected: 3,737
Number of visitors: 8,171
Boats failing inspection: 10.3%
Visitors showing spread prevention awareness: 92%
Number of previously visited waterways: 89

AIS Present in Waterbodies: Eurasian watermilfoil, curly-leaf pondweed, zebra mussels, European frogbit
Stewardship History: 2016 – present
Partnerships: Black Lake Association; New York State Office of Parks, Recreation and Historic Preservation

State of Motorized Boat Registration  
(n=2,848)

The pie chart shows the state distribution of motorized boat registrations. NY represents 86%, PA is 3%, and NJ is 3%.

The bar chart displays the number of AIS removed and watercraft inspected from 2016 to 2019. The number of AIS removed is as follows: 91, 82, 44, 103. The number of watercraft inspected is as follows: 3744, 5282, 4015, 7130. The percentage of visitors showing AIS prevention awareness is as follows: 50, 56, 65, 79.
